

Wander Light

Design by Jonas Wagell

Wander Light by Jonas Wagell

Wander takes inspiration from rice paper lanterns of the Orient, yet it has a minimal, contemporary design made of elemental materials, steel and glass. In the paper lantern tradition a handle sweeps over the shade and provides practical functionality in a playful manner.

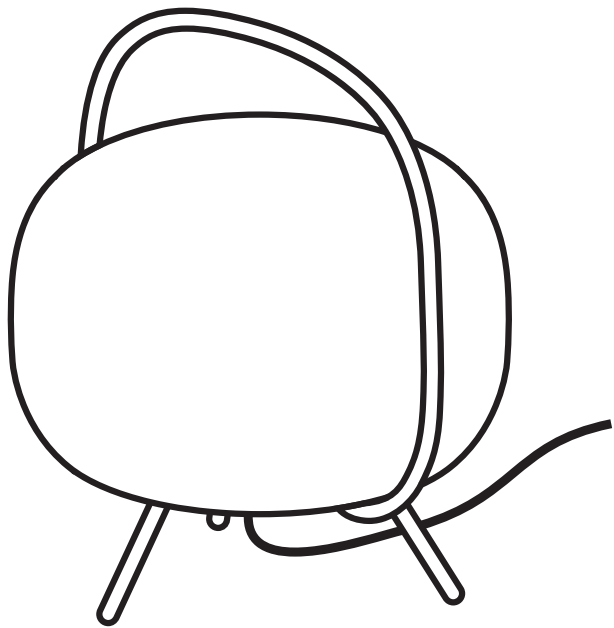

About From the Bay

From the Bay originates from a desire to make contemporary, unique furniture and design objects available for wide use. We combine 30 years of experience in product development and manufacturing with a passion for enduring materials and craftsmanship. Our work is to create dependable furniture, lighting and accessories for everyday use.
